

# Report Illegal DUMPING

**If you see it, report it!**

**Follow these easy steps if you spot  
Someone illegally dumping debris:**

- ✚ Help us by reporting dumping in your neighborhood!
- ✚ Get a detailed description of the car license plate number, make and color.
- ✚ Provide a detailed description of the suspects pace, height, weight (if possible).
- ✚ Record the date, time and location of the incident.
- ✚ Reward available if violator is convicted.

When you see dumping of waste, tires or debris on vacant lots, at abandoned homes or in the streets, call

**330-744-7526**

**CLEAN!**

## VACANT PROPERTIES & LOTS

The City **mows grass** and **clears trash** and **debris** from vacant houses and lots,

- The City has the authority to service all vacant properties and lots when the grass or weeds grow 6 inches or taller.
- Vacant properties are serviced once every 7 weeks during the grass growing season from April through September. The weather may affect this cycle.
- Vacant lots are cut by tractor and then followed by hand crews who trim around houses.

Youngstown has a process for **CUTTING** and **CLEANING** vacant properties:

Approximately once every seven weeks during the growing season (April thru September), the City of Youngstown services vacant properties. There is a process to servicing these lots which ensures that you and your neighborhood get the most service possible from the available resources. This process includes the following:

1<sup>st</sup> – Supervisors identify vacant properties with grass or weeds over 6 inches or with excessive litter and/or debris.

2<sup>nd</sup> – Vacant lots are cut with tractors while hand crews mow vacant houses. The rubbish and debris is stacked for pick up.

3<sup>rd</sup> – Rubbish Packer Crews remove collected trash and debris with 1-3 days. A fee is also assessed to property owners for this service.

(This process repeats during the growing season).

- The City does not trim shrubs and bushes unless these are blocking the public right of way.
- Hand crews bag and stack the debris on the mount of the driveway for pick up.
- City crews are assigned to mow and clean both the front and back yards of vacant houses unless the property is fenced and locked. Crews do not enter structures or porches.

If you, as a good neighbor, volunteer to cut the front yard of a vacant property, please call 330-744-3186 so that the City can come out and cut the back yard.

**When the City cuts and cleans a vacant property, the property owner is billed for this service.**

For vacant property service requests call: 330-744-3186 or visit [www.cityofyoungstownoh.com](http://www.cityofyoungstownoh.com)
