

July 17, 2015

TO: **Residents of Wychwood Lane between Southern Blvd. & Webster**

The City of Youngstown will be replacing the existing drinking waterline on your street. All work will be performed within the Utility Right-of-Way. This work will be performed by J.S. BOVA EXCAVATING of North Jackson.

This work will begin on Monday, July 20, 2015 and take approximately 14 days. Your water service will be provided via a temporary above ground line.

If you have any questions regarding this waterline work, please contact the City of Youngstown Water Department Engineering Division at 330-742-8765.

We apologize for any inconveniences and appreciate your cooperation during this project.
