Youngstown Air Reserve Station

Branch: Air Force

910th Airlift Wing

MISSION

The overall mission of the 910th Airlift wing is to ensure the organization and individual members can perform command authority directed taskings in support of national objectives by providing mission ready forces, airlift and aerial spray operations and base operating support.

In wartime, the 910th Airlift Wing is to employ the Lockheed C-130 Hercules aircraft in combat operations of tactical airlift. These operations include low-level infiltration into a combat environment, where aircrews can deliver personnel and materials by airdrop and air-land techniques.

* Authorized Personnel (approximate as of March 2011)
